LIGHTNING BURNED PRAYER BOOK

Elements Stopped Organ Operated by Electricity. Almost a Panic.

Fort Wayne, Ind., June 5.—During a severe electrical storm Sunday, lightning struck the Trinity Episcopal church and stunned many of the worshippers. A prayer book held by Mrs. W. W. Shryock was burned from her hand, which was blackened by the bolt. The church was filled with light from the flash and when it had passed the organ which was operated by electricity and on which the organist was playing at that time, was silenced and all electric lights were out. There was a momentary panic which was quickly subdued by the presence of mind of the rector and the organist.

VALUE OF A NEWSPAPER

It takes money to run a newspaper just the same as it does to run a bank or a dry goods store. The space in a paper is just as valuable to the success of a paper as deposits in the bank or goods in the shelves of a store. A bank that gives away one-third of its assets, or a store one-third of its goods would be forced to make an assignment in short order. Hence a newspaper that allows its columns to be filled with free advertising for the various kinds of "attractions" that come along had as well make preparation for suspension.—Sweetwater Telephone.

NO REASON FOR IT

When Newport Citizens Show the Way.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of serious kidney ills when relief is so near at hand and the most positive proof given that these ills can be cured. Read what a Newport citizen says:

G. N. Gregg, Newport, Tenn., says: "For several months I suffered severely from a dull pain through the small of my back. I was unable to rest comfortably and was also greatly handicapped in doing my work. The kidney secretions contained sediment and showed that my kidneys needed attention. I tried many highly recommended remedies for the trouble, but was unsuccessful in getting relief until Doan's Kidney Pills were brought to attention. I procured a box at the Minnis Drug Co., and before I had finished the contents, I was in good health. I have not had a return attack of my old complaint and it therefore gives me pleasure to recommend Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Farmers, mechanics, railroaders, laborers rely on Dr. Thomas' Eclectic Oil. Takes the sting out of cuts, burns or bruises at once. Pain cannot stay where it is used.

CHILLED STEEL IS RATHER SOFT

Bars of Maryville's Jail Are of Malleable Iron and Sawing Out is Easy.

Maryville, June 3.—One day this week Will Hatcher and Joe Fann, who were in jail on a charge of larceny, sawed the bars of the jail and swung out of an upstairs window and made good their escape.

When the Blount county jail was erected a few years ago it was understood that the bars were made of chilled steel, but instead they are of malleable iron and several times before this prisoners have made good their escape by sawing the chilled steel (?) bars and swinging out to freedom.

This last occurred at about the noon hour when most people were at dinner.

Borrow Money to Run Hospital for Insane

Board of Trustees Directs Superintendent to Borrow Necessary Funds.

Knoxville, June 7.—Dr. Michael Campbell, superintendent of the Eastern hospital for the Insane at Lyon's View, was Friday authorized to borrow funds to meet the actual running expenses of the institution until the present financial straits of the institution are relieved. This step was taken at a meeting of the board of trustees of the institution at the office of C. B. Atkin Friday afternoon at 3 o'clock. Mr. Atkin, John P. Murphy and Col. William Epps, the resident trustees with Dr. Nathaniel Dulaney, of Bristol and Sam H. Seymour, of Chattanooga, were present.

The board after a lengthy discussion as to the best means of continuing the operation of the institution, in the face of State Comptroller Dibrill's refusal to supply the usual state support, authorized Dr. Campbell to borrow the funds absolutely necessary for the operation of the institution. This was the only decisive step taken.

SENT \$1,000 CHECK TO MAN WHO GOT HIS GIRL

To win and wed one of Los Angeles' charming young women is being looked upon as sufficient happiness to hold the average man for the rest of his life, says the Los Angeles Times. To snatch her, as it were, by bark and subtle strategy from the very arms of one's hated rival is indubitably to fill the cup of bliss to its very rim. But to get a check for \$1,000 as a wedding present from the hyetd rival certainly adds the joy all over and lets it run down on the tablecloth.

Such are the remarkable matrimonial adventures of Felix E. Guinney, manager of the hardware department of the National Lumber company, who was married a few days ago to Miss Maud Irene Dawson, a charming and talented Los Angeles girl. The rival appears, under merly the name of Bobby, both the happy newly-weds declining to further disclose his identity. But it is heroic to send \$1,000 to the girl you didn't get he's a hero.

Three years ago the story started. Miss Dawson and Bobby were much in each others company. It was understood by both of them and their friends that a marriage would soon ensue. But Bobby was called east on business of importance.

Following the departure of Bobby, as the story runs, Guinney came on the scene and strove to relieve her loneliness. He succeeded so well that a few months after Bobby had left Guinney was engaged to Miss Dawson.

George Runkon, the Del Rio merchant, was in Newport, Monday.
